

Assignment 2 - Product Pitch

You are to present an IoT Prototype for your SMART City.

Your presentation should.

- Be between 3 -5 minutes
- Include 2 parts

Part 1 What is your idea?

- Clearly identify the problem you are trying to solve
- Identify the Cause of the problem
- Communicate the solution
- demonstrate how the idea is sustainable

Part 2 Demonstration

- Demonstrate your IoT prototype
- Explain how it works.

Note: Your prototype can be one you have developed or one of the Hands on Lab devices from previous sessions.
